

WRA Data Request 1.6

Schedule 120 EV incentives. How is the funding for the Schedule 120 EV incentives structured? Are there separate funding amounts for each group or is there a single pool of funding? If there are designated amounts for each group, is there intra-group budget flexibility?

Response to WRA Data Request 1.6

The Schedule 120 EV incentives are expected to be structured as a single pool of funding to allow for flexibility.
