Application of Deseret Generation &
Transmission Co-operative for Authority to
Issue Securities in the Form of Payroll
Protection Program Loan Pursuant to the
Coronavirus Aid, Relief, and Economic
Security Act or the CARES Act

DOCKET NO. 20-506-01

ORDER

ISSUED: April 9, 2020

On April 3, 2020, pursuant to Utah Code Ann. § 54-4-31, Deseret Generation & Transmission Co-operative (“Deseret”) filed with the Public Service Commission (PSC) a verified application (“Application”) seeking authorization to execute certain documents in the form of loan documents and promissory notes in an amount up to \$2,557,584 in connection with a loan pursuant to the Coronavirus (“COVID-19”) Aid, Relief, and Economic Security Act (“CARES Act”).

The Application states that, to help maintain stable operations and ensure continued retention of employees during the COVID-19 emergency, Deseret has been authorized by the unanimous approval of its Board of Trustees, representing each of its six distribution co-operative members, to apply for and procure a Paycheck Protection Program loan (“PPP Loan”) in the maximum amount of 2.5 times Deseret’s average monthly payroll expenses as set forth pursuant to the CARES Act. The Application further states Deseret has received the consent of the secured lender under Deseret’s Conformed Obligations Restructuring Agreement (CORA) to procure and borrow the full amount of the PPP Loan.

The Application explains the PPP Loan amount will be forgiven and will not have to be repaid as long as: (1) the loan proceeds are used to cover payroll costs, and most mortgage

interest, rent, and utility costs over the 8-week period after the loan is made; and (2) employee and compensation levels are maintained.

Pursuant to Utah Admin. Code R746-110, Deseret requests informal adjudication of the application by no later than April 15, 2020 as it anticipates the matter will be unopposed and uncontested. Deseret also requests expedited consideration of the Application on the grounds that the terms and conditions of the PPP Loan are intended to provide immediate, emergency relief during the ongoing COVID-19 crisis and have been reviewed by and approved by Deseret's governing board, and amounts appropriated by Congress for PPP loans may become oversubscribed as numerous small businesses make application for similar loans under the CARES Act.

On April 6, 2020, the Division of Public Utilities (DPU) filed an action request response addressing the Application. The DPU represents that based on its review and understanding of the need for prompt action, the DPU believes that the Application is in the public interest and recommends the PSC approve it.

DISCUSSION, FINDINGS, AND CONCLUSIONS

The DPU recommends the PSC approve the Application. The Application is unopposed and uncontested. Based on our review of the Application and its supporting materials, the DPU's recommendation, the exigent circumstances surrounding the COVID-19 emergency, the provisions of the PPP Loan, Deseret's statement that all proceeds of the PPP Loan will be used exclusively for the permitted uses identified in the CARES Act, and there being no opposition, we find approval of Deseret's Application is reasonable, necessary, and in the public interest. We further find good cause exists for adjudicating this matter informally and that Deseret's filing

satisfies the requirements for informal adjudication under Utah Admin. Code R746-110. Finally, we find Deseret has established good cause to waive the 20-day tentative period for issuing a final order.

ORDER

1. We adjudicate this matter informally pursuant to Utah Admin. Code R746-110;
2. We approve Deseret's Application, effective April 9, 2020; and
3. The 20-day tentative period contemplated under Utah Admin. Code R746-110-2 is waived; this is a final order.

DATED at Salt Lake City, Utah, April 9, 2020.
