Hi,

I had a typo on my email below. These rates are actually planned to take effect on January 1, 2022. Not December 1, 2022.

Can you change the docket reflect January 1, 2022.

Hello Mr. Brown,

I have opened a new docket 21-028-T03 for your tariff filing. If you need to send any future documentations related to this tariff, please reference Docket No. 21-028-T03.

Thank you.

Hi,

Utah Public Service Commission PSC Representative:

On October 25, 2021, following a properly noticed public meeting of its members, Garkane Energy approved the following rates for its Utah Tariffs: (see attached outline of Schedules)

As per the PSC filing requirements, we will mail the original schedules and two copies. (redline and original)

If you require further information on this schedule, please contact us at the number listed below.

They are planned to take effect on December 1, 2022. I don't have all the tariffs edited and redlined yet, but wanted to give notice to the Commission 30 days in advance. I can email you all the new schedules in a few days, will that be ok?
