EBA Additional Filing Requirement 19

Please provide a PacifiCorp Securities and Exchange Commission (SEC) Form 10-K / Semi-Annual / Energy Balancing Account (EBA) Reconciliation similar to “DPU Exhibit 1.9 SR” which is the Company’s attachment to DPU 10.1, Docket 12-035-67. Given the timing of the March 15 EBA filings and the release of the Company’s SEC Form 10-K and Semi-Annual report, this reconciliation may need to be provided after the March 15 filing. As such, this reconciliation will be provided as soon as available.

Response to EBA Additional Filing Requirement 19

Note: for clarification purposes, for responses to EBA Additional Filing Requirement 19, the Company provides reconciliations to PacifiCorp’s Federal Energy Regulatory Commission (FERC) Form 1 for calendar year 2020 (which is typically filed with FERC mid-April each year), and its Utah Results of Operations (ROO) for calendar year 2020 (which is typically filed with the Public Service Commission of Utah (UPSC) late-April / early May each year). Based on this clarification, the Company responds as follows:

Due to the timing of this energy balancing account (EBA) filing, a reconciliation of actual net power costs (NPC) with the Company’s 2020 FERC Form 1 and the Company’s December 2020 ROO report is not possible at this time. The Company will supplement this response with these reconciliations when the data becomes available.
