Rocky Mountain Power's Application for Approval of the 2021 Energy Balancing Account	<u>DOCKET NO. 21-035-01</u> <u>NOTICE THAT HEARING WILL BE VIRTUAL</u>
--------------------------------------------------------------------------------------	---------------------------------------------------------------------------

ISSUED: January 6, 2022

On January 4, 2022, the Public Service Commission (PSC) received correspondence from counsel for the Division of Public Utilities stating that parties in this docket request the January 21, 2022 in-person hearing be converted to a virtual hearing. Pursuant to statute, the PSC must provide a physical anchor location for members of the public to participate in open portions of the meeting absent specific findings that doing so would present a substantial risk to the health or safety of those present. See Utah Code Ann. § 54-2-207(4)(a). Therefore, the hearing will be conducted virtually, but the PSC will host a physical anchor location, for portions of the hearing open to the public, in the **Fourth Floor Hearing Room 403, Heber M. Wells Building, 160 East 300 South, Salt Lake City, Utah**. If any parties to the proceeding elect to attend the anchor location, the PSC encourages the parties' counsel to bring an electronic device that will facilitate their participation in the virtual hearing. The hearing will be conducted via Google Meet at the following link: meet.google.com/onz-etgj-ouy

All parties must have their witnesses in attendance and prepared to testify. The PSC requests that attorneys and witnesses make themselves available by both video and audio during the portions of the hearing in which they will be actively participating. Participants are free to deactivate video, and should always mute audio, when not actively participating. Participants also may find it useful to have headphones or earbuds available in the event of feedback. In the event of unresolvable technological problems related to the hearing's video conferencing,
