

BEFORE THE PUBLIC SERVICE COMMISSION OF UTAH

PacifiCorp's 2021 Integrated Resource Plan	Docket No. 21-035-09
--	----------------------

PETITION FOR LEAVE TO INTERVENE OF FERVO ENERGY COMPANY

Pursuant to Utah Code Section 63G-4-207 and R746-1-108 of the Public Service Commission ("Commission") Rules, Fervo Energy Company ("Fervo") hereby files its petition for leave to intervene in the above-captioned docket.

Fervo is a geothermal energy developer that commercializes technology to develop, own, and operate firm and dispatchable geothermal assets. Fervo is wholly focused on climate change mitigation and will facilitate large-scale clean power generation from geothermal resources to help reduce global emissions.

Fervo's legal rights and interests will be affected by this proceeding. Fervo is the owner of a substantial geothermal leasehold in the state of Utah and plans to bid into requests for proposals which may result from PacifiCorp's 2021 Integrated Resource Plan ("IRP"). To enable Fervo to perform analysis on the issues discussed in the 2021 IRP and provide input on the subject of projected costs and reliability attributes of geothermal energy, Fervo requests that its petition be granted.

If Fervo's petition is granted, the company will further review materials and participate in this proceeding by commenting on matters scoped for this proceeding and requests for feedback. Fervo's participation will neither expand the scope of the proceeding nor delay the proceeding in any form or fashion.

Assuming its petition is granted, Fervo will participate in this proceeding through the following representatives:

Sarah Jewett
Director of Strategy
Fervo Energy

Phone: 925-783-3960

Respectfully submitted September 20, 2021.
