**Re:** **Docket No. 21-035-20, Request for Time Extension, PacifiCorp's Results of Operations Report for the Utah Jurisdiction for the twelve months ended December 31, 2020.**

### **Recommendation (Request for Extension)**

On April 30, 2021, Rocky Mountain Power (Company) filed its Results of Operations for the twelve months ended December 31, 2020 along with its confidential Wind Resources Report.

On April 30, 2021, the Utah Public Service Commission (Commission) issued an action request for the Division to review for compliance and to make recommendations on this filing, with a due date of June 1, 2021.

After an initial review of the filing, the Division has determined that the review will require requests for information from the Company, in-house modelling of spreadsheets, and additional review procedures. In past reviews the Division has found that this additional work will require an additional two to three months. Therefore, the Division is hereby requesting that the

Commission extend the due date of the Division's response to August 31, 2021. This should allow the Division sufficient time to conduct the proper review and make recommendations.
