Re: *Rocky Mountain Power's Service Quality Review Report; Docket No. 21-035-28*

Dear Ms. Saba,

The Public Service Commission of Utah (PSC) reviewed Rocky Mountain Power's January 1 – December 31, 2020 Service Quality Review Report ("Report") filed on April 28, 2021. The PSC also reviewed the comments filed by the Division of Public Utilities (DPU) on May 24, 2021, detailing its review of RMP's Report.

DPU states the Report complies with the PSC's June 11, 2009 Order in Docket No. 08-035-55, the PSC's December 20, 2016 Order in Docket Nos. 13-035-01 and 15-035-72, and the PSC's January 26, 2021 Orders in Docket No. 20-035-22. Pursuant to the PSC's June 23, 2020 Order in Docket No. 20-035-22, DPU states it has convened and continues to lead work group discussions regarding certain issues related to industrial customer power quality and standards. DPU adds RMP's Report also complies with the requirements of Utah Admin. Code R746-313 – *Electrical Service Reliability*. Accordingly, DPU recommends the PSC acknowledge the Report.

Based on the PSC's review of the Report and the DPU's recommendation, the PSC acknowledges the Report as satisfying the PSC orders, rules, and requirements identified by DPU.

Sincerely,

/s/ Gary L. Widerburg
PSC Secretary
