RE: In the Matter of the Application of Rocky Mountain Power for Approval of its Amended Agreement for Electric Service with Spring City, Utah – Docket No. 21-035-31

Dear Mr. Widerburg:

On May 12, 2021, Rocky Mountain Power (“Company”) submitted a Request for Approval of an Amendment to the Electric Service Agreement with Spring City, Utah. Paragraph 2 of the Company’s application contained an inaccurate statement which the Company corrects in this letter. Paragraph 2 in the application should be deleted and replaced with the following:

2. Certain Additional Customer(s), identified more particularly in Exhibit A to the Amendment, have requested service from the City, which electric service is located outside the municipal boundaries of the City. Exhibit B to the Amendment shows the relative location of the Additional Customer(s) to the nearest City distribution facilities and the nearest Rocky Mountain Power distribution facilities. The Additional Customer(s) are located nearer to Rocky Mountain Power distribution facilities than to the nearest City distribution facilities. However, the customer’s costs would be approximately \$9.3k less for the City to build the line. The Additional Customer(s) are not currently receiving electric service at the requested location(s) from either the Company or City.

The Company regrets apologizes for any inconveniences caused by the oversight. Questions in this matter may be directed to Jana Saba at (801) 220-2823.

Sincerely,

John Hutchings
Senior Attorney
