Hi Sam:

I wanted to provide you with a status report on the PacifiCorp 2022AS RFP. It looks like all comments are in including stakeholders, PacifiCorp Reply comments and our report. In preparation for preparing our report, we sent PacifiCorp 32 questions and comments about the RFP and received PacifiCorp's response prior to preparing our report. We also participated in a call with the Oregon and Washington Commissions and IEs to discuss the status of the RFP. I have included a write-up of the remaining issues along with our suggestions to addressing the issues. For your review, I am attaching a two-page comment list of remaining issues, a copy of our questions and PacifiCorp's responses. the Executive Summary from our report and PacifiCorp's Reply Comments. The bottom line is that there is only one major issue and few clean-up and clarification requests which are addressed in the two-page document. Let me know if you would like to discuss any of these issues further.

Take care,

Regards,

Wayne
