RE: Docket No. 21-035-T07
**Rocky Mountain Power's Proposed Tariff Revisions to Electric Service Schedule
No. 135, Net Metering Service**
Reply Comments

On May 18, 2021 Rocky Mountain Power (the "Company") filed Advice No. 21-05 to update Electric Service Schedule No. 135 ("Schedule 135"). The Public Service Commission of Utah ("Commission") issued a Notice of Filing and Comment Period on May 19, 2021 ("Notice"). Consistent with the Notice, the Company hereby submits its reply comments to address one recommendation raised by the Division of Public Utilities ("Division") in its Comments filed June 1, 2021.

The Division requests that the Company provide additional information with the filing to help facilitate the reconciliation to the FERC Form No. 1. The Company agrees to this recommendation and will include the requested information with the annual filings to update the valuation of net excess generation credits for large non-residential customers in Schedule 135, Net Metering Service, to reflect the average retail rates for the previous year's Federal Energy Regulation Commission FERC Form No. 1.

Sincerely,

Joelle Steward
Vice President, Regulation
