Re: Docket No. 22-035-01, *Rocky Mountain Power's Application for Approval of the 2022 Energy Balancing Account*

Dear Ms. Wegener,

On March 18, 2022, Rocky Mountain Power (RMP) filed a motion for permission to deviate ("Motion") from Utah Admin. Code R746-1-203, along with a disc containing documents the Public Service Commission (PSC) was unable to access via the PSC's SFTP server. However, the disc contained files formatted such that the PSC remained unable to access them. On March 21, 2022, RMP submitted its replacement filing on the PSC's SFTP server. Because RMP's replacement filing ultimately complied with Utah Admin. Code R746-1-203, the PSC understands RMP's Motion to be moot and will take no further action on the Motion unless RMP requests otherwise.

Sincerely,

/s/ Gary L. Widerburg

PSC Secretary
