Re: **Docket No. 22-035-09**, Review and audit of Rocky Mountain Power's Blue Sky Program (Schedule Nos 70 and 72), (2021 Annual Report of the Blue Sky Program).

Recommendation (No Action)

As part of the Division of Public Utilities (Division) ongoing mission of considering the interests of both the public and utilities, the Division will be performing an audit of the Blue Sky program for the calendar year 2021.

Issue

Annually, the Division reviews various programs for compliance with state energy regulations and tariffs. Rocky Mountain Power's (Company) Blue Sky program is not included in general rate case filings, so it is reviewed separately. The review will entail a sampling of invoices from the Blue Sky account for the 12 months ended December 2021, and a review of the program administration.
