Re: *Rocky Mountain Power's Fifth Annual Sustainable Transportation and Energy Plan Act Program Status Report; Docket No. 22-035-13*

Dear Ms. Saba:

On July 21, 2022 the Public Service Commission (PSC) acknowledged Rocky Mountain Power's (RMP) Fifth Annual Sustainable Transportation and Energy Plan Act Program Status Report (the "Report"). As part of its acknowledgment, the PSC also scheduled a stakeholder meeting for August 2, 2022, for RMP to discuss the final close-out of the STEP pilot program ("Meeting").

On July 26, 2022 RMP filed a Request for Date Change ("Request"), stating that additional time is needed to compile, finalize and distribute the materials for the Meeting. RMP explains the Division of Public Utilities, the Office of Consumer Services and RMP jointly selected September 8, 2022 at 2:00 pm for the Meeting.

Good cause appearing and based on RMP's representation, the Request is granted. The Meeting will be held Thursday September 8, 2022 at 2:00 pm. Interested parties may contact Jana Saba at her email address jana.saba@pacificorp.com by August 26, 2022 to be included in the distribution list for the Meeting invite and the Meeting materials. If RMP desires the PSC to issue a public notice of the Meeting, the PSC directs RMP to inform the PSC of the location of the Meeting by August 31, 2022.

Sincerely,

/s/Gary L. Widerburg
