Formal Complaint of Edward Armstrong against Rocky Mountain Power

DOCKET NO. 22-035-21

ORDER GRANTING MOTION TO DISMISS

ISSUED: August 22, 2022

On May 23, 2022, Edward Armstrong ("Complainant") filed a Formal Complaint ("Complaint") with the Public Service Commission (PSC) against Rocky Mountain Power (RMP). Complainant identifies the following as the basis for his Complaint: "[E]ach year RMP removes all of the accumulated power credit I have generated by my solar [generation system] over the year without any compensation to me." Complainant further explains he is a "snowbird" and would like to use surplus credits he generates in the winter during the summer months.

On May 23, 2022, the PSC issued a Notice of Filing and Comment Period, allowing RMP to file a response by June 22, 2022 and Complainant to file a reply by July 7, 2022.

On June 22, 2022, RMP filed its Motion to Dismiss and Answer ("Motion"). RMP asks the PSC to dismiss the Complaint because Complainant is a customer under Schedule 136 of RMP's tariff, which expressly provides all unused credits shall expire after the regularly scheduled meter reading for the month of March. RMP represents this tariff language is consistent with applicable orders of the PSC. Consequently, RMP asks the PSC dismiss the Complaint.

Complainant did not file a reply.

Having reviewed the Complaint and RMP's Motion, the PSC concludes the annual expiration about which Complainant complains is consistent with RMP's tariff and the PSC's orders on the matter. Complainant filed no reply, and the PSC can discern no alleged violation of
