Rocky Mountain Power's Proposed Revisions to Electric Service Schedule
No. 91, Surcharge to Fund Low Income Residential Lifeline Program
Tariff Compliance Filing

Enclosed for filing by PacifiCorp, d.b.a. Rocky Mountain Power ("the Company"), is a tariff sheet associated with Tariff P. S. C. No. 51 to effectuate the Public Service Commission of Utah's ("Commission") Order issued in Docket No. 20-035-20 on August 26, 2021, applicable to electric service in the state of Utah. Pursuant to the requirement of Rule R746-405-2(D), the Company states that the proposed tariff sheet does not constitute a violation of state law or Commission rule. The tariff sheet attached herein reflects a proposed effective date of March 1, 2022.

Second Revision of Sheet No. 91	Schedule 91	Surcharge To Fund Low Income Residential Lifeline Program
---------------------------------	-------------	---

On July 30, 2021, the Company filed comments recommending the surcharge under Schedule 91 be set to zero for a period of five months, from October 1, 2021 through February 28, 2022, to reduce the balance of the home electric life program balancing account. As it committed in comments, the Company has monitored the balance and continues to believe that the five-month moratorium of the Schedule 91 surcharge will be sufficient to reduce the surplus balance. The account balance can continue to be monitored by the Company and interested parties through the Company's low-income lifeline reports that are filed twice per year at the end of January and July.
