RE: **Docket No. 22-035-T12**

Rocky Mountain Power's Proposed Tariff Revisions to Electric Service Schedule No. 196, Sustainable Transportation and Energy Plan (STEP) Cost Adjustment Pilot Program and Electric Service Regulation No. 13 – Sustainable Transportation and Energy Program Commercial Line Extension Pilot Program
Rocky Mountain Power's Reply Comments

On September 22, 2022, Rocky Mountain Power (“the Company”) submitted proposed tariff revisions to Electric Service Schedule No. 196, Sustainable Transportation and Energy Plan Cost Adjustment Pilot Program (“Schedule 196”) and Electric Service Regulation No. 13, Sustainable Transportation and Energy Program Commercial Line Extension Pilot Program (“Regulation 13”). The Public Service Commission of Utah (“Commission”) issued a Notice of Filing and Comment Period on September 23, 2022 (“Notice”). Per the Notice, the Division of Public Utilities (“DPU”) filed comments on October 6, 2022 recommending the Commission approve the Company's tariff filing, but noted that the footer on tariff sheet No. 196.1 referenced Advice No. 22-035-T12 instead of Docket No. 22-035-T12.

In accordance with the Notice and in response to the DPU's comments, enclosed for filing is a revised Sheet No. 196.1 with the corrected footer. The Company requests the Commission approve its proposed revisions to the attached Sheet No. 196.1 as well as the tariff sheets that were included with the Company's September 22, 2023 tariff filing.

Informal inquiries on this matter may be directed to Jana Saba at (801) 220-2823.

Sincerely,

Joelle Steward
Vice President, Regulation
