Attorneys for Applicants

BEFORE THE PUBLIC SERVICE COMMISSION OF UTAH

In the Matter of the Application of Deseret Generation and Transmission Co-Operative, Bridger Valley Electric Association, Dixie Escalante, Garkane Power Association, Moon Lake Electric Association, and Mount Wheeler Power, Inc. for Authority to Issue Securities Related to Acquisition of the Bonanza Solar Facility	Docket No. 22-506-02 22-022-02 22-066-02 22-028-02 22-030-03 22-031-03
--	---

REDACTED VERIFIED APPLICATION FOR AUTHORITY TO ISSUE SECURITIES RELATED TO THE ACQUISITION OF THE BONANZA SOLAR FACILITY

This Verified Application for Approval to Issue Securities (Bonanza Solar Facility) is submitted by Deseret Generation & Transmission Co-operative ("Deseret"), Bridger Valley Electric Association ("BVEA"), Dixie-Escalante Rural Electric Association ("Dixie"), Garkane Power Association ("Garkane"), Moon Lake Electric Association ("MLEA"), and Mount Wheeler Power, Inc. ("MWP") (BVEA, Dixie, Garkane, MLEA, and MWP are referred to collectively as the "Members" and Deseret, together with the Members are referred to collectively as the "Applicants").

As set forth more fully below, Applicants hereby apply to the Commission pursuant to Utah Code Ann. § 54-4-31 for an Order approving and authorizing the issuance of securities in the

form of the following: (i) a Loan Agreement (the "Bonanza Solar Loan Agreement") between Deseret and the National Rural Utilities Cooperative Finance Corporation ("CFC") in substantially the form attached as ("Confidential Exhibit A"); (ii) a Secured Promissory Note from Deseret to CFC in an amount not to exceed in substantially the form attached as ("Confidential Exhibit B"); and (iii) one or more Joint and Several Guaranty(ees) of Deseret's payment obligations under the Bonanza Solar Loan Agreement and related Promissory Note to be executed by each of the Distribution Members in substantially the form attached as ("Confidential Exhibit C").

Deseret anticipates and represents that this matter is expected to be unopposed and uncontested. Pursuant to R746-110-1, Utah Administrative Code ("Rules"), Deseret hereby requests Informal Adjudication of this Application. This Application is supported by the sworn statements in this Verified Application and true and correct copies of the documents attached hereto, which documents are sufficient to establish the facts pertinent to this Application.

Pursuant to R746-110-2 of the Rules, and for good cause shown, Deseret respectfully requests entry of a final Commission order approving the Loans as soon as practicable, and within 30 days if feasible, in order to meet CFC timing requirements. In light of its Board's approval of the Loans at a duly noticed public meeting, Deseret further asks the Commission to determine that no additional public notice of this proceeding is required under R746-110-2 of the Rules.

In support of this Application, Deseret represents as follows:

Background

1. Desert is a Utah not-for-profit corporation organized and operating as a wholesale electric generation and transmission cooperative. Desert supplies and transmits

electric power and energy for the benefit of its member-consumers and non-member contract patrons. Much of the electric service provided by Deseret is transmitted for use in primarily rural, agricultural areas in the State of Utah and surrounding states.

2. As a rural electric generation transmission cooperative, Deseret has no stock, shareholders, or Investors. It is governed by democratically selected directors elected from among its electric consumers. Deseret is regulated as a public utility by the relevant rate-making and administrative agencies under Utah and federal law.

Bonanza Solar Bonanza Solar Loan Agreement

- 3. Deseret will, contemporaneously with this Application, file an application for a Certificate of Public Convenience and Necessity for the acquisition and construction of the Bonanza Solar Generating Project ("Project"). The Project will produce up to 15 MW of renewable solar energy to help meet Deseret's obligation to supply electric power and energy to satisfy its Members' electric load requirements. The Project is being undertaken and is scheduled to allow Deseret to qualify for valuable investment tax credits to offset anticipated federal tax liability arising from operations during calendar year 2022. To meet this objective, the Project will be placed in service no later than December 31, 2022.
- 4. Desert and CFC have negotiated the terms of the Loan Agreement whereby CFC will provide the financial capital to Desert to finance a portion of the cost for Desert's acquisition of the Bonanza Solar Project. The aggregate CFC loan commitment is in an amount not to exceed and will be available to draw beginning on July 1, 2022.
- 5. Under the terms of the Bonanza Solar Loan Agreement, Deseret will repay any draws under the Loan Agreement as follows:

- a. Level Debt Service or Level Principal as selected by Deseret in a written funds requisition at the time of each advance (each such advance an "Advance") of funds by CFC to Deseret pursuant to the terms and conditions of the Bonanza Solar Loan Agreement
 - b. The payment date months are March, June, September, and December.
- 6. All amounts due and owing for Advances under the Loan Agreement will become due and payable in full in all events no later than January 1, 2048.
- 7. Amounts Advanced under the Bonanza Solar Loan Agreement may be repaid and/or prepaid at any time without penalty.
- 8. Amounts owed by Deseret to CFC under the Bonanza Solar Loan Agreement will be secured by the lien of an existing Secured Mortgage in favor of CFC (the "CFC Mortgage"), on all of Deseret's real and personal property, excluding only certain limited excluded assets, and subject to certain permitted encumbrances, as set forth in the CFC Mortgage.
- 9. Repayments of amounts owed by Deseret to CFC under the Bonanza Solar Loan Agreement will be guaranteed by: (i) a Secured Guaranty executed by Deseret's wholly owned coal-producing subsidiary, Blue Mountain Energy, Inc. ("BME"); and (ii) the Member Guarantees.
- 10. Interest on amounts advanced under the Bonanza Solar Loan Agreement will be computed at a rate equal to the variable and/or fixed interest rates established by CFC for long-term loans similarly classified pursuant to the long-term loan programs established by CFC from time to time pursuant to CFC's policies and procedures then in effect.

Public Interest

- 11. The Bonanza Solar Loan Agreement was negotiated and structured to avoid any adverse impact on the positions, rights, remedies, and risks of Deseret and/or Deseret's Members under Deseret's long-term debt restructuring and the debt recapitalization agreements, respectively, as well as all other existing agreements, amendments, and arrangements between Deseret and CFC. Deseret does not anticipate any changes to its member rates or charges as a consequence of the Bonanza Solar Loan Agreements.
- 12. The representatives of all five Deseret Members on Deseret's Board of Trustees have actively participated in the development of, and the Board of Trustees has approved the terms of the Bonanza Solar Loan Agreement.
- 13. The Member Guarantees have been approved by each of the Members' governing boards.
- 14. Desert has determined that the financing transaction will add an increased level of certainty and stability to Deseret's financial position and will increase its ability to respond to opportunities currently available and advantageous to Deseret.
- 15. The Bonanza Solar Loan Agreements and related documents are for lawful objects within Deseret's proper corporate purposes, are compatible with the public interest, are necessary or appropriate for or consistent with proper performance by Deseret of its services as a public utility and will not impair Deseret's ability to provide or perform those services.

Requested Timing of Approval

16. Desert requests expedited and informal consideration of this Application on the grounds that the terms and conditions of the Loan Agreement have previously been reviewed by and approved by Deseret's governing board which represents all five (5) of Deseret's members.

17. Deserte desires to access Advances under the Bonanza Solar Loan Agreement beginning as early as July 1, 2022. Accordingly, Desert requests that a Report and Order be issued no later than July 1, 2022, in time for Desert to draw on loan Advances for the Bonanza Solar Project.

18. Pursuant to R746-110-2, Deseret requests waiver by the Commission of the 20-day tentative period for good cause, as shown above.

Requested Action

Wherefore, Deseret requests the Commission:

A. Issue an order approving and authorizing the issuance of securities by Deseret in the form of the Bonanza Solar Loan Agreement to CFC for the purposes specified herein;

B. Enter an order as expeditiously as possible approving Deseret's Bonanza Solar Loan Agreement, Promissory Note, and Member Guarantees; and

C. Pursuant to Commission Rules R746-110 and R746-1-104(1)(a), and because the matter is anticipated to be unopposed and uncontested, handle the application request by Informal Adjudication.

DATED this 9th day of June 2022.

Respectfully submitted

By:

Phillip J. Russell
