DPU Data Request 17.4

**DPU Data Request 17.4**

On May 17, 2023, Rocky Mountain Power submitted reply comments to the Idaho Public Utilities Commission in Case No. PAC-E-23-09. Please provide all supporting work papers including confidential materials. Please provide a confidential (non-redacted) copy of the above referenced letter with the confidential table information viewable.

On May 31, 2023, the Idaho Public Utilities Commission filed its Order No. 35801 in Case No. PAC-E-23-09 wherein it requested a report on the issues causing the extraordinarily high NPC as follows “In order to ensure the Company was maximizing its coal fleet to customers’ benefit, we direct the Company to investigate and report on the issues causing the extraordinarily high NPC, with a focus on the lack of coal generation and coal supplies, and the Company’s management of those issues, as described in Staff’s and P4’s comments. This report should be completed before the end of the 2023 ECAM year”. Provide a full copy (work papers, etc.) supporting RMP’s response to this request and prepared for this report as soon as it is available, include any interim work papers and progress updates as soon as available.

**Response to DPU Data Request 17.4**

The Company objects to this request as outside the scope of this proceeding, and not reasonably calculated to lead to the discovery of admissible information. Notwithstanding the foregoing objection, the Company responds as follows:

Please refer to Confidential Attachment DPU 17.4 which provides a copy of the Company’s confidential reply comments filed with the Idaho Public Utilities Commission (IPUC) in Case PAC-E-23-09 on May 17, 2023. The report requested in IPUC Order 35801 will be completed at the end of calendar year 2023.
