**Re:** **Docket No. 23-035-12**, PacifiCorp's Results of Operations Report for the Utah Jurisdiction for the twelve months ended December 31, 2022.

## Recommendation (Request for Extension)

On April 26, 2023, Rocky Mountain Power ("Company") filed its Results of Operations for the twelve months ended December 31, 2022, along with its confidential Wind Resources Report. On April 27, 2023, the Public Service Commission ("Commission") issued an action request for the Division to review for compliance and to make recommendations with a due date of May 26, 2023.

After initial review, the Division determined the review will require requests for additional information from the Company, reconciliation of various federal filings, and additional review procedures. In past reviews, the Division found this additional work requires an additional two to three months. Therefore, the Division requests the Commission extend the due date of the Division's response to August 31, 2023.
