Re: Docket No. 23-506-03 - *Deseret Generation & Transmission Cooperative's Wildland Fire Protection Plan*

Dear Mr. Peterson,

The Public Service Commission (PSC) reviewed Deseret Generation & Transmission Cooperative's ("Deseret Power") March 26, 2024, filing of its 2023 Wildland Fire Protection Plan (WFPP) pursuant to Utah Code Ann. § 54-24-203. The WFPP provides an overview of Deseret Power's fire prevention strategies, including information on how Deseret Power meets the requirements in Utah Code § 54-24-203(1) through (3) and its plan to meet the requirements in Utah Code § 54-24-203 (4).

The PSC also reviewed the comments filed by the Division of Public Utilities (DPU) on April 23, 2024. DPU comments that Deseret Power's WFPP was approved by the Board of Trustees on March 21, 2024. DPU states that the WFPP contains a point-by-point discussion of the code's requirements and does not constitute the annual compliance filing. DPU recommends the PSC acknowledge that Deseret Power has complied with the filing requirements in Utah Code § 54-24-203(1)-(3).

Based on the PSC's review of the WFPP and DPU's comments and recommendation, the PSC acknowledges that the WFPP complies with Utah Code § 54-24-203(1) through (3) but does not constitute the annual compliance filing required by Utah Code § 54-24-203(4). Pursuant to Utah Code Ann. § 54-24-203(5)(a), the WFPP is available for public inspection at the PSC's offices and on its website.
