Re: Docket No. 24-030-03, *Application of Moon Lake Electric Association, Inc. for Authority to Revise Rate Tariff Schedules and Regulations*

Dear Mr. Sellers,

The Public Service Commission (PSC) reviewed the December 23, 2024 filing by Moon Lake Electric Association, Inc. ("Moon Lake"). The filing includes revisions to Moon Lake's regulations and rate tariff schedules and requests an effective date of January 1, 2025.

The Division of Public Utilities (DPU) filed its action request response on January 6, 2025, recommending the PSC acknowledge the updated rate tariff schedules and regulations as filed. Moon Lake asserts the revisions will allow it to ensure the financial stability and health of Moon Lake and its obligation to provide its members with safe, affordable, and reliable utility services. The filing includes minutes from both special and regular Board of Director's meetings, evidence of public notifications and meetings, and direct membership notifications of the revisions, in addition to red-lined and clean versions of the regulations and tariff sheets. DPU commended Moon Lake for the detailed and supportive documentation for the revised regulations and rate tariff schedules included with the application. DPU concludes that Moon Lake fulfilled its requirements and recommends the PSC acknowledge the filing.

Based on the PSC's review of the filing and DPU's recommendation, the PSC acknowledges that Moon Lake's revised rate tariff schedules and regulations satisfy
