Re: **Docket No. 24-035-07**, PacifiCorp – Semi-Annual Hedging Report

Recommendation (Request for Extension)

On August 15, 2024, the Public Service Commission of Utah (“Commission”) issued an Action Request to the Division of Public Utilities (“Division”) for a review of PacifiCorp’s Semi-Annual Hedging Report with a due date of September 16, 2024. The Division requests an extension in the Action Request due date to November 15, 2024.

Issue

The Semi-Annual Hedging report provides a summary of the hedging activities for both natural gas and electricity. The current hedging program is very complex and includes thousands of transactions in two balancing areas. The Division is continuing to gain a better understanding of the hedging program and requests additional time in order to complete a more comprehensive analysis.
