Investigation, Re: Open Market Operations	<p style="text-align: center;"><u>DOCKET NO. 24-035-10</u></p> <p style="text-align: center;"><u>ORDER TO FILE COMMENTS OR STATUS REPORT</u></p>
---	--

ISSUED: December 9, 2025

On September 25, 2025, Rocky Mountain Power (RMP) submitted a Status Report in this docket, representing the Division of Public Utilities (DPU) is reviewing information RMP had provided and that DPU would file comments in this docket in the coming weeks.

The Public Service Commission (PSC) appreciates the parties' efforts to collaborate in this docket. The last several status reports indicate that they have made progress in information sharing, and the last status report indicates, perhaps, that DPU is in or nearing a position to file substantive recommendations and comments.

To the extent DPU is working to prepare a substantial filing on these complex and important issues, the PSC believes it is in the public interest to afford DPU the time it reasonably requires to prepare such a filing.

Mindful of the holidays and parties' substantive workloads related to other dockets, the PSC asks the DPU submit its comments on or before **Thursday, January 8, 2026**. If the nature of DPU's comments require additional time beyond that deadline, the PSC asks DPU to file a short status update on or before **Friday, December 19, 2025**, providing additional information regarding the work DPU is undertaking and

identifying a date by which DPU believes it can complete its work and file its substantive comments.

DATED at Salt Lake City, Utah, December 9, 2025.
