*Re: 2023 Wildland Fire Protection Plan Annual Compliance Report*

To Whom It May Concern

Utah Code 54-24-203(3) establishes the process for electric cooperatives to prepare a wildland fire protection plan. In 2020, Garkane Energy Cooperative Inc. (GEC) prepared a wildland fire protection plan and had it approved by its governing authority. A copy of that action, and the wildland fire protection plan itself, was subsequently filed with the Public Service Commission for public inspection in accordance with 54-24-203(5)(a). Our plan filing was reviewed by the Public Service Commission on September 3, 2020

Additionally, Utah Code 54-24-203(4) states that an electric cooperative must file an annual report detailing the electric cooperative's compliance with the approved wildland fire protection plan. This filing is to confirm that GEC presented the attached compliance report to its governing authority at a regular board meeting held on October 23, 2023 and subsequently filed the report with its governing authority in accordance with 54-24-203(5)(b).

GEC has complied with the statutory requirements of 54-24-203 and is available for further questions from the Commission if needed.

Sincerely,
