Re: Docket No. 25-031-T01 - *Mt. Wheeler Power, Inc.'s Proposed Tariff Revisions*

Dear Mr. Robison,

The Public Service Commission (PSC) reviewed Mt. Wheeler Power, Inc.'s ("Mt. Wheeler") February 12, 2025, filing (the "Filing") of proposed changes to its Electric Service Tariff Schedules ("Tariff Revisions"). Mt. Wheeler states its Board of Directors (BOD) approved the entire rate schedule as submitted at BOD's meetings held on October 15, 2024, and November 12, 2024. Mt. Wheeler indicates its proposed rate adjustments are necessary because it is experiencing increases in material costs. Mt. Wheeler also states that it has complied with all applicable Nevada (its headquarters) reporting requirements. The Filing proposed an effective date of January 1, 2025.

The PSC also reviewed the comments filed by the Division of Public Utilities (DPU) on February 26, 2025. DPU states that Mt. Wheeler complied with Utah Code Ann. § 54-7-12(7) by getting board approval, notifying customers, and filing the tariff with the PSC. DPU notes that while the Filing did not provide the 30-day notice required by Utah Code Ann. § 54-3-3, the Code allows the PSC to acknowledge the tariff changes without the 30-day requirement for good cause. DPU recommends the PSC acknowledge the Tariff Revisions with an effective date of January 1, 2025.

Based on the PSC's review of the Tariff Revisions and DPU's comments and recommendations, and given that Mt. Wheeler has complied with all Nevada reporting requirements, the PSC finds that no material harm to Mt. Wheeler's members, the public, or Mt. Wheeler itself resulted from Mt. Wheeler's failure to meet the 30-day

notice requirement. The PSC reminds Mt. Wheeler to strive to meet the 30-day notice requirement under Utah law in future filings. The PSC finds good cause exists to acknowledge the Tariff Revisions and acknowledges the Tariff Revisions as complying with Utah Code Ann. § 54-7-12, and makes them available for public inspection.

Sincerely,

/s/ Gary L. Widerburg
