RMP's Response to OCS Data Request 2.6

OCS Data Request 2.6

Direct Testimony of Daniel J. MacNeil – For the proposed Schedule 100 valuation, how will the Company determine the specific value of Renewable Energy Credits (RECs)?

- (a) Please identify all data sources (e.g., market indices, recent transactions, modeling outputs) the Company will use to determine this value.

Response to OCS Data Request 2.6

PacifiCorp has not specifically identified data sources for renewable energy credit (REC) values. PacifiCorp's production cost modeling does not report information related to REC markets or pricing.

- (a) Please refer to the explanation provided above.
