

Date 4/22/25

Dear Sirs and Madams,

This letter is a follow up to a letter I have previously written and sent regarding the proposed large scale power lines that are proposed to run from Spanish Fork Canyon to west of Utah Lake. My name is Steven Dewey, a resident of Utah County and a citizen of the United States. I am a practicing physician in Utah Valley and have lived here for 37 years. My interest lies in the fact I own 35 acres of ground on the south side of the Spanish Fork River through which, I am informed, there is careful consideration of putting a 125 ft right of way for these large power line structures. My sons and I farm this ground and find it one of the most beautiful "valleys" any where in Utah County. We are against giving the right of way proposed.

One of my strongest frustrations is that I have not been informed about these plans in any concerted way. I received a notice about 18 months ago about a very nebulous plan to provide power from Spanish Fork Canyon to west of Utah Lake and my property might be impacted. No other word came to me in that interval until Paul Prior, my farm neighbor, contacted me to inform me of the plan to likely place the right of way right in the middle of our beautiful land. That was in March of this year.

He has now informed me that our complaints have been partially adjudicated with a court docket No. 25-035-12 which is the Rocky Mountain Power Answer and Motion to Dismiss. I am not even sure what this means as no one has bothered to explain our rights to us.

Paul has pointed out and I agree there are already better utility right of ways already established, namely, Power House Road which is also 8800 So in Utah County.

This is my formal response to the above Motion to Dismiss in the negative. We will not stand idly by and allow our property to be destroyed with all of its future potential value by this action.

Will someone please give me an audience to argue our case and provide some context to this issue. I am sending this via US mail and via email to any who may be concerned by this action.

Respectfully,

Steven Dewey MD
