To whom it may concern:

I would like to **REQUEST AN EXTENSION** for my response to June 20th, 2025. Rocky Mountain Power had one month to respond. Since I do not have a legal team representing me and I am representing myself, I am requesting more time to research and write a response.

Also, I would like to add that that Rick Loy sent me a zipped file on May 14, 2025 that was encrypted and passcode verified that was virtually impossible to open to read with only 5 business days to respond to a document that I was unable to access. He was trying to get the case dismissed. I reached out to Rick Loy via email on May 19, 2025, and he failed to respond and it has been three days. Also, I reached out via phone number that he sent on his document. It went to voice mail and Rick Loy again did not respond via email or phone. I had to go to the Public Service Commission to retrieve my document.

I would like an extension to be June 20th, 2025 so that I can properly research, represent myself, and give a response to Rocky Mountain Power/Pacificorp parent company.

Thank you,  
Melissa Cantrell
