Attorney for Rocky Mountain Power

BEFORE THE PUBLIC SERVICE COMMISSION OF UTAH

In The Matter of the Application of Rocky Mountain Power for Approval of the 2026 Inter-Jurisdictional Cost Allocation Protocol	Docket No. 25-035-47
---	----------------------

ROCKY MOUNTAIN POWER’S MOTION TO SUSPEND THE PROCEDURAL SCHEDULE AND TO SUSPEND DISCOVERY

Pursuant to Utah Admin. Code R746-1-301, the Public Service Commission of Utah’s (Commission) rules of procedure, PacifiCorp d/b/a Rocky Mountain Power (Rocky Mountain Power or Company) files this Motion to Suspend the Procedural Schedule and to Suspend Discovery (Motion) in this docket for 60 days.

On August 5, 2025, Rocky Mountain Power filed its Application for Approval of the 2026 Inter-Jurisdictional Protocol (“2026 Protocol”) with the Utah Public Service Commission (“Commission”) in this docket. On February 5, 2026, the Division of Public Utilities, Office of Consumer Services, Utah Association of Energy Users, Utah Large Customer Group, Utah Clean Energy, Western Resource Advocates, and Sierra Club filed direct testimony in this docket. Company rebuttal testimony and intervenor cross-answering testimony are due March 9, 2026, and intervenor surrebuttal testimony is due March 23, 2026.

On February 17, 2026, the Company and Portland General Electric Company (“PGE”) announced a proposed transaction involving the Company’s Washington service area. Under the

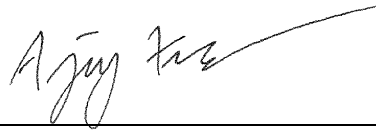

proposed transaction, the Company will sell and PGE will purchase PacifiCorp's Washington service area and certain of the Company's Washington-based generation, transmission, and distribution assets ("Service Area Transfer"). The Service Area Transfer will affect the allocation of certain costs under the 2026 Protocol currently pending approval by the Commission. Accordingly, Rocky Mountain Power requests that the Commission suspend the procedural schedule for a period of 60 days to provide adequate time for Rocky Mountain Power to assess the impact of the Service Area Transfer on the 2026 Protocol, confer with parties, and file any potential modifications. Suspension of discovery is necessary and appropriate to avoid expanding the scope of the proceeding beyond the 2026 Protocol during preparation of filings for the required Commission approval of the Service Area Transfer.

Rocky Mountain Power contacted parties in this proceeding immediately following the public announcement of the Service Area Transfer and the Utah Division of Public Utilities, the Office of Consumer Services, the Utah Association of Energy Users, the Utah Large Customer Group, Western Resource Advocates, Sierra Club, and Utah Clean Energy do not oppose suspending this proceeding, but was unable to confirm position of Nucor Steel-Utah before filing this Motion.

For the reasons discussed above, Rocky Mountain Power requests the Commission suspend the procedural schedule and all discovery in this docket for 60 days.

Respectfully submitted this 20th day of February 2026.
