

Utah's new NHL hockey team is welcomed by fans as it arrives in Salt Lake City on April 24.

NHL tickets

expected to open up for the 2025-26 season after the team begins renovating the Delta Center.

The ticket purchasing process begins with a three-day open house, Tuesday through Thursday from 8 a.m. to 8 p.m., where those who placed a deposit can visit the Delta Center. The building's NHL rink will be set up, so fans can learn about their seating options and speak to ticket sales representatives.

Then, beginning Friday, season ticket depositors will be invited to purchase the seats they're interested in, beginning with those who deposited earliest. Priority is also given to Jazz season ticket holders, and those who deposited from a Utah zip code will get invites before those who did not. That process will continue through multiple rounds in June for those who didn't get their deposits in until later.

Despite the higher prices, SEG expects to sell out of season tickets. They hope to accommodate more of their interested fans by giving

season-ticket depositors priority on buying selling half-season tickets, mini packages, and single-game tickets.

Most of the depositors, it turns out, are fans new to the Smith Entertainment Group. Barney cited internal statistics that showed 92% of NHL season ticket depositors did not have Jazz season tickets, and 63% of those on the list hadn't attended any event at the Delta Center over the last year.

"The demand has been totally overwhelming, and we're just so excited for the hockey community in Salt Lake and in Utah," Barney said.

You can't always lie down in bed and sleep. Heartburn, cardiac problems, hip or back aches – and dozens of other ailments and worries. Those are the nights you'd give anything for a comfortable chair to sleep in: one that reclines to exactly the right degree, raises your feet and legs just where you want them, supports your head and shoulders properly, and operates at the touch of a button.

Our chair does all that and more. More than a chair or recliner, it's designed to provide total comfort. Choose your preferred heat and massage settings, for hours of soothing relaxation. Reading or watching TV? Our chair's recline technology allows you to pause the chair in an infinite number of settings. And best of all, it features a powerful lift mechanism that tilts the entire chair forward, making it easy to stand. You'll love the other benefits, too. It helps with correct spinal alignment

and promotes back pressure relief, to prevent back and muscle pain. The overstuffed, oversized biscuit style back and unique seat design will cradle you in comfort. Generously filled, wide armrests provide enhanced arm support when sitting or reclining. It even has a battery backup in case of a power outage.

White glove delivery included in shipping charge. Professionals will deliver the chair to the exact spot in your home where you want it, unpack it, inspect it, test it, position it, and even carry the packaging away!
