Application of Rocky Mountain Power for Approval of a Waiver of the Requirement for Solicitation Process and of a Significant Energy Resource Decision and Report of Sale	<u>DOCKET NO. 25-035-55</u> <u>NOTICE OF CLOSED TECHNICAL CONFERENCE</u>
---	---

ISSUED: January 5, 2026

On December 10, 2025, Rocky Mountain Power (RMP) filed a Request that the Public Service Commission (PSC) close the technical conference, scheduled for January 13, 2026, related to RMP's Application for Approval of a Waiver of the Requirement for Solicitation Process and of a Significant Energy Resource Decision and Report of Sale. RMP indicates that it intends to discuss the confidential terms of its power purchase agreement with U.S. SFR LLC, a subsidiary of TerraPower, LLC (the "PPA"). RMP explains that the "commercially sensitive nature" of the terms of the PPA hinder its ability to discuss and disclose the information therein and requests the PSC close the technical conference.

The PSC has found presentation of this information to the PSC and state regulatory agencies is in the public interest and expects the presentation to include discussion of commercially sensitive, confidential information. Therefore, the PSC determines it is in the public interest to close the technical conference to the public under Utah Code § 54-3-21(4) for the purpose of allowing RMP's regulators to obtain the information.

Accordingly, the PSC gives notice that the technical conference will be a confidential closed technical conference. The PSC notifies the public that the closed technical conference will be held on **Tuesday, January 13, 2026, at 9:00 a.m., Fourth Floor Room 401, Heber M. Wells Building, 160 East 300 South, Salt Lake City, Utah.** Attendance at the technical conference will be limited to designated representatives of the PSC, RMP, the Division of Public Utilities, the Office of Consumer Services, and intervenors who have executed non-disclosure agreements (NDA). Any person desiring to attend this event must show government-issued photo identification to be admitted past the building security station.

In its Request, RMP further states it is willing to allow other interested parties to attend and participate as long as they execute a NDA and RMP has no objections regarding their attendance. Due to the date of this Notice, the PSC directs RMP to supplement the list of individuals who have executed a NDA and to whose attendance RMP does not object, and to file such list by **Friday, January 9, 2026.**

Individuals needing accommodations during the technical conference should notify the PSC at 160 East 300 South, Salt Lake City, Utah 84111, (801) 530-6716, at least three working days prior to the conference.
