Dear Sir/Madam,

Please see below; I have attached my cover letter and response

I also wish to share I do not wish to work with your mediator..who stated

"you will be calling us and begging us for help" Not very professional.

Nor do I wish to work with James Mckendrick., "I am going to cut off your electricity".

As a senior this has placed a very unfair financial burden on me, and the verbal abuse by both gentlemen will not be tolerated.

I did not install the current electrical system, it was installed by Utah Power and signed off by the City of Salt Lake.

Have a good day,

Respectfully

GreggAnn Herrern
