Re: *Garkane Energy Cooperative, Inc.'s Final Carbon Reduction Progress Report;*
Docket No. 26-028-04

Dear Garkane Energy Cooperative, Inc.'s Board of Directors,

On August 13, 2026, the Utah Rural Electric Cooperative Association (URECA) filed a Final Carbon Reduction Progress Report through December 2025 on behalf of Garkane Energy Cooperative, Inc. ("Garkane") in Docket No. 26-028-04, pursuant to Utah Code § 54-17-604.

On September 14, 2026, the Division of Public Utilities (DPU) filed comments addressing Docket No. 26-028-04. DPU recommended that the Public Service Commission (PSC) acknowledge Garkane's final progress report as complying with the requirements of the Utah Energy Resource Procurement Act, Utah Code § 54-17-604 (the "Act"), and confirm that no further reporting is required under the Renewable Portfolio Goal provisions of the Act.

Based on the PSC's review of the progress report and DPU's comments and recommendation, the PSC acknowledges Garkane's report complies with the requirements of Utah Code § 54-17-604. Additionally, the PSC acknowledges that Garkane has satisfied its reporting obligations and no further reporting by Garkane is required under the Act.

Sincerely,

/s/ Gary L. Widerburg
PSC Secretary
