

Rocky Mountain Power
Docket No. 26-035-01
Witness: Kenneth Lee Elder Jr.

BEFORE THE PUBLIC SERVICE COMMISSION
OF THE STATE OF UTAH

ROCKY MOUNTAIN POWER

Direct Testimony of Kenneth Lee Elder Jr.

May 2026

1 **Q. Please state your name, business address, and present position with PacifiCorp**
2 **d/b/a Rocky Mountain Power (“PacifiCorp” or “Company”).**

3 A. My name is Kenneth Lee Elder, Jr. My business address is 825 NE Multnomah Street,
4 Suite 2000, Portland, Oregon 97232. My present position is Director, Pricing and Tariff
5 Policy.

6 **I. QUALIFICATIONS**

7 **Q. Please describe your education and professional background.**

8 A. I have a Bachelor’s Degree in Agriculture Business from Tarleton State University and
9 a Master’s Degree in Agricultural and Resource Economics from Colorado State
10 University. I have been employed by PacifiCorp since July 2016, where I have
11 managed load forecasting and load research. From 2008 through 2016, I was an
12 economist for a natural resource consulting firm. From 2004 through 2008, I was an
13 economist for the University of Alaska Fairbanks. In May 2025, I assumed my current
14 position.

15 **Q. What are your responsibilities?**

16 A. I am responsible for regulated retail rates and cost of service analysis in the Company’s
17 six state service territory.

18 **Q. Have you testified in previous regulatory proceedings?**

19 A. Yes. I have previously filed testimony on behalf of the Company in regulatory
20 proceedings in Utah, Oregon, Wyoming, Idaho and Washington.

21 **II. PURPOSE AND SUMMARY OF TESTIMONY**

22 **Q. What is the purpose of your testimony?**

23 A. The purpose of my testimony is to present and support the Company’s proposed rate

24 spread and rates in Schedule 94 to recover the requested Energy Balancing Account
25 (“EBA”) deferral amount of \$190.6 million as identified by Company witness Mr. Jack
26 Painter for the 12-months ended December 31, 2025 (“2026 EBA”).

27 **Q. Please summarize the rate impacts for the proposed change to Schedule 94 for this**
28 **filing.**

29 A. The change in Schedule 94 is a decrease of \$374.8 million, or 12.5 percent. This net
30 change is the difference between the current collection level of \$565.3 million and the
31 new proposed collection level of \$190.6 million for the 2026 EBA. Exhibit
32 RMP___(KLE-1), page 1, shows the net impact by rate schedule.

33 III. PROPOSED EBA RATE SPREAD

34 **Q. What is the 2026 EBA deferral amount in this case?**

35 A. The total 2026 EBA deferral is \$190.6 million, as shown in Table 1 of Mr. Painter’s
36 testimony. The Company proposes to recover this amount on an interim basis for the
37 12-month period from July 1, 2026 through June 30, 2027.

38 **Q. How does the Company propose to allocate the 2026 EBA deferral balance across**
39 **customer classes?**

40 A. Consistent with the Company’s last EBA filing, the Company proposes to spread the
41 2026 EBA deferral across customer rate schedules consistent with the base EBA
42 amounts approved by the Commission in the 2024 general rate case, Docket No. 24-
43 035-04 (“2024 GRC”). The allocators and allocations by rate schedule are shown on
44 page 2 in Exhibit RMP___(KLE-1). To develop EBA allocators by class, the Company
45 allocated each FERC account used within the base EBA on either the cost of service

46 factor 10 or factor 30 used in the 2024 GRC, as appropriate. The FERC account level
47 class allocation of the base EBA is shown on page 3 in Exhibit RMP___(KLE-1).

48 **Q. How does the Company propose to allocate the 2026 EBA revenue to those**
49 **customer classes that were not reflected in the EBA Allocators?**

50 A. There are three customer classes—Schedule 31, Schedule 32, and Contract Customer
51 3—that are subject to the EBA but were not included in the Company’s cost of service
52 studies in the 2024 GRC and therefore not reflected in the EBA Allocators. Consistent
53 with the terms of the contract approved by the Public Service Commission of Utah in
54 Docket No. 23-035-51 for Contract Customer 3, and the methodology used in 2025
55 EBA for these customer classes, the Company proposes that the EBA price applicable
56 to the corresponding full requirements rate schedules be applied to the billing
57 determinants for Schedule 31, Schedule 32, and Contract Customer 3 to determine their
58 EBA revenue and that the rate spread for all other classes be dynamically adjusted to
59 account for the EBA revenue from Schedule 31, Schedule 32, and Contract Customer 3.

60 **Q. How does the Company propose to allocate the 2026 EBA revenue to Contract**
61 **Customer 1?**

62 A. Consistent with the terms of the contract approved by the Public Service Commission
63 of Utah in Docket No. 21-035-69, the 2026 EBA revenue allocation for Contract
64 Customer 1 is based on the overall 2026 EBA percentage to tariff customers in Utah.

65 **Q. How does the Company propose to collect the 2026 EBA deferral after these**
66 **adjustments to the EBA Allocators?**

67 A. The results of the 2026 EBA deferral spread based on the EBA Allocator are then
68 proportionally adjusted for all customer classes to collect a total target annual amount

69 of \$190.6 million.

70 **Q. What present revenues and billing determinants are the Company proposing to**
71 **use to allocate the 2026 EBA?**

72 A. The Company proposes using the Commission approved present revenues and billing
73 determinants set forth in its 2024 general rate case compliance filing, Docket No.
74 25-035-T10.

75 **IV. PROPOSED RATES FOR SCHEDULE 94**

76 **Q. How were the proposed Schedule 94 rates developed for each customer class?**

77 A. Consistent with the EBA Rate Determination provision in Schedule 94, the proposed
78 rates for each customer class were determined by dividing the allocated EBA deferral
79 amount to each rate schedule and applicable contract by the corresponding 2024 GRC
80 compliance filing (Docket No. 25-035-T10) forecast Power Charge and Energy Charge
81 revenues. Charges for energy enrolled in the Subscriber Solar program were excluded
82 from this calculation, since loads enrolled in the program no longer pay for the EBA.
83 The EBA rate is a percentage applied to the monthly Power Charges and Energy
84 Charges.

85 **Q. Please describe Exhibit RMP ___(KLE-2).**

86 A. Exhibit RMP__(KLE-2) contains the billing determinants and the calculations of the
87 proposed EBA rates in this case.

88 **Q. Please describe Exhibit RMP ___(KLE-3).**

89 A. Exhibit RMP__(KLE-3) contains the proposed tariff rate revisions for Schedule 94.
90 Along with the requested update to the prices, the Company is requesting updates to

91 the descriptions of the accounts included in the EBA. These changes are addressed in
92 Mr. Painter's testimony.

93 **Q. Did you include workpapers with this filing?**

94 A. Yes. Workpapers have been included with this filing that detail the calculations shown
95 in my exhibits.

96 **Q. Does this conclude your direct testimony?**

97 A. Yes.

ELECTRIC SERVICE SCHEDULE NO. 94 – Continued

MONTHLY BILL: In addition to the monthly charges contained in the Customer’s applicable schedule, all monthly bills shall have the following EBA Rate percentage applied to the monthly Power Charge and Energy Charge of the Customer’s applicable electric service schedule. The collection of costs related to an energy balancing account from customers paying contract rates shall be governed by the terms of the contract.

Schedule 1	<u>7.6322.14%</u>
Schedule 2	22.14%
Schedule 2E	22.14%
Schedule 3	<u>7.6322.14%</u>
Schedule 6	<u>9.8229.37%</u>
Schedule 6A	<u>8.9727.29%</u>
Schedule 7*	<u>4.6316.14%</u>
Schedule 8	<u>10.8432.99%</u>
Schedule 9	<u>12.7438.12%</u>
Schedule 9A	<u>14.3245.29%</u>
Schedule 10	<u>8.6927.80%</u>
Schedule 11*	<u>4.6316.14%</u>
Schedule 12*	<u>4.6316.14%</u>
Schedule 15 (Traffic and Other Signal Systems)	<u>8.4726.06%</u>
Schedule 15 (Metered Outdoor Nighttime Lighting)	<u>15.7357.98%</u>
Schedule 23	<u>7.9323.65%</u>
Schedule 31	**
Schedule 32	**

* The rate for Schedules 7, 11 and 12 shall be applied to the Charge per Lamp.

** The rate for Schedules 31 and 32 shall be the same as the applicable general service schedule.

ELECTRIC SERVICE REGULATIONS: Service under this Schedule will be in accordance with the terms of the Electric Service Agreement between the Customer and the Company. The Electric Service Regulations of the Company on file with and approved by the Public Service Commission of the State of Utah, including future applicable amendments, will be considered as forming a part of and incorporated in said Agreement.

 Canceling First Revision of Sheet No. 94.11**
ELECTRIC SERVICE SCHEDULE NO. 94 – Continued

MONTHLY BILL: In addition to the monthly charges contained in the Customer’s applicable schedule, all monthly bills shall have the following EBA Rate percentage applied to the monthly Power Charge and Energy Charge of the Customer’s applicable electric service schedule. The collection of costs related to an energy balancing account from customers paying contract rates shall be governed by the terms of the contract.

Schedule 1	7.63%
Schedule 3	7.63%
Schedule 6	9.82%
Schedule 6A	8.97%
Schedule 7*	4.63%
Schedule 8	10.84%
Schedule 9	12.74%
Schedule 9A	14.32%
Schedule 10	8.69%
Schedule 11*	4.63%
Schedule 12*	4.63%
Schedule 15 (Traffic and Other Signal Systems)	8.47%
Schedule 15 (Metered Outdoor Nighttime Lighting)	15.73%
Schedule 23	7.93%
Schedule 31	**
Schedule 32	**

* The rate for Schedules 7, 11 and 12 shall be applied to the Charge per Lamp.

** The rate for Schedules 31 and 32 shall be the same as the applicable general service schedule.

ELECTRIC SERVICE REGULATIONS: Service under this Schedule will be in accordance with the terms of the Electric Service Agreement between the Customer and the Company. The Electric Service Regulations of the Company on file with and approved by the Public Service Commission of the State of Utah, including future applicable amendments, will be considered as forming a part of and incorporated in said Agreement.
