Re: *Rocky Mountain Power's Annual Cost of Service Study – 2025*;
Docket No. 26-035-27

Dear Mr. Backlund,

The Public Service Commission (PSC) reviewed Rocky Mountain Power's (RMP) 2025 Annual Cost of Service Study (COSS) model and supporting exhibits, filed on June 16, 2026 (the "Filing"), in accordance with the PSC's May 29, 2014, correspondence in Docket No. 14-999-01 ("Correspondence").[1] The PSC also reviewed the September 16, 2026, comments filed by the Division of Public Utilities (DPU).

DPU states its review of the 2025 COSS consisted of comparing the 2025 COSS model with RMP's 2024 COSS model. DPU explains that the 2025 COSS model is functionally equivalent to the 2024 COSS filing. DPU also notes a delay in the Filing and states that RMP comply with the ordered timeline in future filings. DPU nevertheless identified no issues that warrant PSC action and therefore recommends the PSC acknowledge the 2025 COSS.

Based on the PSC's review of the Filing and DPU's recommendations, the PSC acknowledges that the Filing complies with the PSC's reporting requirement outlined in the Correspondence. Regarding the timing of the filing, the PSC reminds RMP to

[1] The PSC directed RMP to file the COSS in its May 29, 2014, miscellaneous correspondence in Docket No. 14-999-01, consistent with the annual filing requirement in a stipulation (item 17(f)) the PSC approved by order issued November 23, 1999, in Docket No. 98-2035-04, in which RMP agreed to file an annual COSS for the regulated operations of PacifiCorp.

ensure its annual COSS is filed within 45 days of its filing of its end-of-year results of operations in all future filings.

Sincerely,

/s/ Gary L. Widerburg
PSC Secretary
