**MOTION TO DISMISS CONSOLIDATED APPEALS**

Rocky Mountain Power (“RMP”), Petitioner/Appellant in each of the above-captioned consolidated cases, respectfully moves the Court pursuant to Utah Rule of Appellate Procedure 37(b) to dismiss consolidated Appellate Case Nos. 20250553-SC, 20250554-SC, and 20250730-SC (collectively, the “Appeal”). Following a stay and limited remand entered by this Court to allow the Public Service Commission of Utah (the “PSC”) to review a proposed settlement, the PSC has approved the Settlement Stipulation resolving the issues presented in the Appeal. The PSC’s order conditions new rate implementation upon RMP moving to dismiss the appeals. Accordingly, RMP no longer wishes to pursue the Appeal and requests that each party bear its own costs and attorney fees.

///

## **BACKGROUND**

1. The Appeal consists of three consolidated cases: Case No. 20250553-SC, Case No. 20250554-SC, and Case No. 20250730-SC, arising from PSC Docket Nos. 24-035-01, 24-035-04, 23-035-40, and 23-035-44. The Court consolidated the three appeals on October 16, 2025.

2. On June 29, 2026, RMP, the Utah Division of Public Utilities (“DPU”), the Utah Office of Consumer Services (“OCS”), the Utah Association of Energy Users (“UAE”), the Utah Large Customer Group (“ULCG”), and the PSC (collectively, the “Signatories”) executed the Settlement Stipulation and filed a Joint Motion to Stay Appeal and for Limited Remand, attaching the Settlement Stipulation as Exhibit B, together with a Joint Motion for Expedited Review under Utah R. App. P. 23C. The Signatories advised the Court that if the PSC approved the Settlement Stipulation, the Appeal would be dismissed under Utah R. App. P. 37.

3. On July 1, 2026, the Court granted both motions, stayed the Appeal, vacated all dates, remanded to the PSC for the limited purpose of ruling on the Settlement Stipulation, and retained jurisdiction. The Court directed the parties to notify the Court following disposition in the PSC.

4. On remand, the PSC held a hearing on July 17, 2026, and on July 31, 2026 issued its Order Approving Settlement Stipulation. The PSC further ordered that RMP “may not implement any change to rates contemplated under the Settlement until it has filed a motion to voluntarily dismiss the Appeal or otherwise appropriately and adequately petitioned the Utah Supreme Court to dismiss the Appeal.”

5. No decision has issued in the Appeal, which has remained stayed since July 1, 2026.

### **GROUND FOR DISMISSAL**

Rule 37(b) provides that “[a]t any time prior to the issuance of a decision an appellant may move to voluntarily dismiss an appeal or other proceeding.” Utah R. App. P. 37(b). RMP proceeds under that provision, which requires no stipulation, and its requirements are satisfied here: RMP is the appellant in each of the three consolidated cases, and no decision has issued—the Appeal has been stayed and all dates vacated since July 1, 2026. Dismissal is likewise warranted on the merits: the PSC’s approval of the Settlement Stipulation resolves the issues presented for review, the PSC has conditioned RMP’s implementation of the settlement on RMP moving to dismiss the Appeal, and this filing satisfies the Court’s July 1, 2026 directive that the parties notify the Court following disposition in the PSC.

### **REQUESTED RELIEF**

RMP respectfully requests that the Court dismiss consolidated Appellate Case Nos. 20250553-SC, 20250554-SC, and 20250730-SC pursuant to Utah R. App. P. 37(b), order that each party bear its own costs and attorney fees, and grant any further relief the Court deems appropriate to conclude these appeals.
