Re: April 14, 1988, Order
Docket No. 87-035-27
(Utah Merger Case)

Dear Commissioner Cameron:

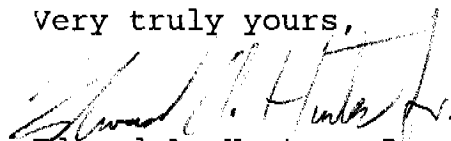

At the hearing before the Commission on April 5, 1988, the Applicants were directed to file a list of and copies of the settlements, agreements, conditions and/or orders agreed to by the Applicants or imposed by other regulatory agencies that stem from the Applicants' proposed merger. The Applicants were also directed to file an analysis of the impact of those agreements and conditions on the Applicants' projected merger benefits.

Based on the Commission's statements at the April 5, 1988, hearing, the Applicants believed that their response was due no later than April 26, 1988. However, in its April 14, 1988, Order, which the Applicants received on April 20, 1988, the Commission set April 22, 1988, as the Applicants' filing deadline.

Because of the Applicants reliance on the April 26, 1988, filing deadline and their resulting instructions to the people preparing the analysis, the Applicants cannot file the required analysis by April 22, 1988. The Applicants therefore request that they be allowed to file their analysis by April 26, 1988. If the Commission will not allow the Applicants to delay the filing of their analysis until April 26, 1988, please contact me at your earliest convenience.

The Applicants can, and will, provide a list of and copies of the requested settlements, agreements, conditions and orders by April 22, 1988.

Very truly yours,

Edward A. Hunter, Jr.
