ORDER GRANTING REVIEW

ISSUED: August 7, 2000

By The Commission:

The Commission having considered the Complainant's Petition for Review and Respondent's response thereto, we issue the following

ORDER

NOW, THEREFORE, IT IS HEREBY ORDERED, that inasmuch as we agree with Respondent that the only rate schedule available to Complainant for service to its project is Respondent's RS-1 schedule under its tariff, and inasmuch as Complainant's misapprehension in that regard may have misled it as to the showing it must make under Rule R746, we hereby grant limited review under the following terms and conditions:

- Complaint is accorded 20 days from the date of this Order in which to file a cost-benefit calculation as set forth in §§R746(B), (C), (D), and (E), Utah Administrative Code. Complainant shall use RS-1 rates in making such calculation.
- Respondent shall have 10 days after the filing of the aforesaid calculation in which to file a response to said calculation.
- Respondent shall continue to furnish electric service to Complainant during the pendency of this review provided that Complainant keeps its account current.

DATED at Salt Lake City, Utah, this 7th day of August, 2000.
