Appearing for the Rocky Mountain Power (Company) were counsel, were Ms. Barbara Ishimatsu, counsel, Ms. Barbara Coughlin, director, customer services and regulatory liaison, and Mr. Kurt Jensen, Regulatory Analyst.

The Company represented that it had commenced much of the tree-trimming process and other work designed to improve reliability on the Coalville #12 Feeder, which provides service to Reynolds. Additionally, on December 17, 2008, the Company submitted a summary of the work that had been done on the Coalville #12 Feeder, along with a list of all work order numbers associated with this circuit work along with the completion date for the individual work order. Reynolds had several specific questions with regards items listed in individual headings, e.g. "Cutout, Lightening Arrester and Mounting Arm Change Outs", "Dead-end Insulator Change Outs", "Resag Conductor", etc. The questions were beyond the knowledge or expertise of the company representatives appearing.
