Re: In the Matter of the Application of Questar Gas Company to Adjust Rates for Natural Gas Service in Utah
Docket Nos. 98-057-12, 99-057-20, 01-057-14, and 03-057-05.

Dear Ms. Orchard:

With the explicit approval and support of counsel for Questar Gas Company and the Utah Division of Public Utilities, the Utah Committee of Consumer Services seeks an extension of the time to file Committee and Division testimony in the above proceedings, otherwise due at close of business tomorrow, September 20, 2005. We seek an extension until close of business on Thursday, September 22, 2005.

Both the Committee's and the Division's testimony is very close to being ready to file; however a further effort is underway among the parties to try and settle this case without the filing of the Division's and Committee's testimony. A meeting to that end is planned for 10:00 a.m. Wednesday, September 21, 2005 between the Committee and Questar Gas. In the event that meeting effort proves fruitful and it appears a settlement has been reached that will receive formal Committee approval, a further extension of filing dates will be requested of the Commission to allow the Committee to formally meet and consider/approve the new settlement terms (Committee members will not be available for a meeting until next week). If the September 21, 2004 meeting does not prove fruitful, the Division and the Committee will file their testimony the following day, Thursday, September 22, 2005, and Questar Gas will file its rebuttal testimony no later than close of business, October 19, 2005.

In light of the good faith effort being made to find a way to settle this dispute, your consideration of this request is appreciated.

Respectfully yours,

Reed T. Warnick
Assistant Attorney General
Counsel for the Utah Committee of Consumer Services
