## MEMORANDUM

To: Barrie McKay, Questar Gas Company

From: Energy Section, Division of Public Utilities  
Marlin H Barrow, Utility Analyst  
Artie Powell, Acting Manager

Date: June 2, 2005

Subject: Monthly Update Meeting on Gas Cost. (Docket 05-057-06)

In the Division's memo dated May 31, 2005, to the Commission on the recent pass through filing (Docket 05-057-06), the Division recommended that QGC provide monthly updates on developments in the gas industry and markets that might affect prices as projected in the pass through filing.

Although not specifically mentioned in the recent order of the Commission, authorizing the implementation of the requested rates on an interim basis, the Division still wants to meet with QGC on a monthly basis to review current market conditions. Per our previous discussions, we would like to begin this in July with July 12<sup>th</sup> being established as the first meeting and continuing thereafter on the second Tuesday of each month.

Please advise us if this date meets with your schedule or if there is a better date for this meeting.
