ISSUED: September 8, 2009

SYNOPSIS

Based on the August 3, 2009, Memorandum of the Division of Public Utilities, providing the results of its audit, the Commission makes final the rates and charges originally set as interim by previous order.

By The Commission:

On January 25, 2006, Questar Gas Company (the “Company”) submitted a pass-through Application in the above-entitled docket requesting a net annualized gas cost decrease of $28,328,000, to be effective February 1, 2006. On January 27, 2006, the Company filed an Amended Application seeking a larger decrease in rates, reflecting a forecasted net annualized gas cost decrease of $93,731,000, again to be effective February 1, 2006. The effect of this proposed change, contained in the Amended Application, would decrease the bill for a typical GS-1 residential customer using 115 decatherms of gas per year by $8.67 per month, which is a 8.08% decrease.

On January 31, 2006, the Division of Public Utilities (“Division”) submitted its Memorandum to the Commission recommending the proposed decrease in rates be approved on an interim basis effective February 1, 2006. Pursuant to notice, the Commission held a hearing on the Company’s Amended Application on February 1, 2006. Based upon the information filed
with and presented to the Commission, set interim rates to be effective February 1, 2006. By Memorandum dated August 3, 2009, the Division informed the Commission it had completed its audit, had found no need for any adjustment and recommended setting the rates and charges as final. No other comments have been submitted regarding the Division’s recommendation.

ORDER

NOW, THEREFORE, IT IS HEREBY ORDERED that the interim rate decreases, to reflect the projected decrease of $93,731,000, requested by Questar Gas Company be placed in effect on an final basis.

DATED, at Salt Lake City, Utah, this 8th day of September, 2009.

/s/ Ted Boyer, Chairman

/s/ Ric Campbell, Commissioner

/s/ Ron Allen, Commissioner
