COMPLAINT TYPE: Additional Charges

COMPLAINT: I disagree with the idea of helping pay for natural gas to rural areas of utah. In 1993 when I wanted natural gas, I had to pay \$3300.00 up front before they brought gas to my home. Now retired and on fixed income i'm made to help rural areas. Well no one helped me nor did I ask for help. thanks for your support. Wayne bowers

SUGGESTED RESOLUTION: The people in rural areas should pay for their natural gas just as i did back in 1993
