UTAH PUBLIC
SERVICE COMMISSION

Dear PSC,

2007 JAN 11 A 8:14

038504

Please do not allow Questar and the rural counties to foist their ill contrived contract onto the rest of us. They entered into the contract of their own free will, knowing the potential consequences.

RECEIVED

This is tantamount to me asking my neighbors to assume a portion of my mortgage because I no longer want to make the whole payment. Of course it's ridiculous! And for you to even consider it baffles me. What are you smoking? Should we require mandatory drug testing for you prior to the public meeting?

Sincerely,

Lyle McMillan
