BEFORE THE PUBLIC SERVICE COMMISSION OF UTAH

In the Matter of the Application to Remove)
GSS and EAC Rates from Questar Gas) Docket No. 06-057-T04
Company's Tariff)

PETITION FOR LEAVE TO INTERVENE

Pursuant to the Rules of Practice and Procedure of the Utah Public Service Commission (Commission), Salt Lake Community Action Program hereby petitions for leave to intervene in the above-captioned docket and, in support thereof, states as follows:

1. The Salt Lake Community Action Program (SLCAP) is a private nonprofit community-based organization that addresses the needs of low-income people through service delivery and advocacy.
2. SLCAP has a special interest in ensuring that the people it represents are charged fair and reasonable rates for natural gas service. The application filed by Questar Gas Company (Questar or QGC) for approval to remove GSS and EAC rates from its tariff is a change in the way that certain natural gas rates are currently collected. Any such change in the tariffs of Questar Gas may have an impact on residential natural gas customers and the price that residential natural gas customers will have to pay.
3. Furthermore, since Salt Lake Community Action Program represents low income people, it has a particular interest in ensuring that rates for natural gas service remain as low as possible since people with limited incomes pay such a disproportionate share of their income for natural gas service.
4. Accordingly, SLCAP possesses a direct and substantial interest in the subject matter of this case, and seeks via this intervention petition to protect that interest as it may appear. Participation in this docket will be in the public interest and may also be of particular assistance to the Commission in rendering informed decisions on the issues that will likely be raised.
5. Intervention by SLCAP will not delay the proceeding or unduly burden the other parties in the proceeding.
6. SLCAP requests that all pleadings, correspondence, discovery, and other documents be

served on:
