ISSUED: January 20, 2009

SYNOPSIS

The Commission approves an increase in Questar Gas Company's proposed demand side management and market transformation budget for 2008.

By The Commission:

On October 1, 2007, Questar Gas Company ("Questar") submitted its proposed demand side management and market transformation 2008 budget for Commission approval. On December 4, 2007, the Utah Division of Public Utilities ("Division") filed a memo recommending approval of the budget as submitted. By Order issued December 17, 2007, we approved the proposed budget. Pursuant to our order issued in Docket 05-057-T01, by report dated October 29, 2008, Questar reported that its 2008 expenditures were approaching 90 percent of its budgeted levels and Questar expected to exceed the expenditure levels anticipated in its original 2008 budget as it completed its 2008 DSM activities. Questar sought Commission approval of these additional expenditures. Questar's October 29, 2008, report was filed by the Commission in Docket 05-057-T01. By Memorandum dated December 16, 2008, the Division summarized its analysis of the request and recommended approval of the increased budget levels to accommodate the additional expenditures. The Division also noted the request ought to have

been filed in this docket, as it was the docket wherein Questar's 2008 DSM budget expenditures were approved. No other responses have been made to Questar's request for approval of additional expenditures. We will include a copy of the October 29, 2008, Report and December 16, 2008, Memorandum in this docket, so this docket contains the material as well.

Based upon the foregoing, the Commission issues this ORDER whereby Questar's increase in demand side management and market transformation 2008 budget and expenditures is approved.

DATED at Salt Lake City, Utah, this 20th day of January, 2009.
