Subject: Questar rate increase of \$3.92 a month

Hello: I am a consumer who is shocked to hear about this rate increase. Please investigate thoroughly to see if this company truly needs this increase. Please remember that when they ask for increases, not only do I have to pay this but also all the other taxes that are included in the monthly bill. It does add up more than \$3.92 a month. We are trying to do everything in our power to conserve. I sometimes feel that this company and rocky mountain power company absolutely doesn't care about consumers. I know that everyone pays for any increase but please remember that the majority of the people who live in Utah are not millionaires. Thank you for your time.
