RE: "DOCKET NO. 07-057-13 – In the Matter of the Application of Questar Gas Company to Increase Distribution Non-Gas Rates and Charges to Make Tariff Modifications. As Filed by the Commission on Monday, December 22, 2008

Dear Commissioners:

Pursuant to Utah Code § 63-46b-12, an aggrieved party may file, within 30 days after the date of this Report and Order, a written request for rehearing or reconsideration by the Commission.

I am an aggrieved party. I buy the gas that heats my home from Questar. I also buy the gas that runs my Natural Gas Vehicle (NGV) from Questar. I have NO alternative. Where else am I going to get it? It is a monopoly. I can't buy it anywhere else. Yet, your ruling says that I now have to pay the highest possible rate for CNG for my car – even though I am a rate payer with Questar.

You don't charge extra for people who heat large houses! They can use fuel any way they see fit. You don't charge extra for people that have drafty houses! They can have huge drafts coming in under doors or through windows and not pay extra. You don't charge extra if they set their thermostats at 72 degrees all winter long. You don't charge extra if their furnace is so ancient that it is only 52% efficient.

But you penalize me if I decide to run my car or truck on CNG. You charge me a rate that has nothing to do with Questar's actual cost of fuel. You want to charge me the highest possible cost.

You penalize me if I reduce our dependence on foreign oil. Because of your ruling, I don't get the benefit of WEXPRO gas, even though I'm a rate-payer. Just because I use some fuel in my NGV.

You penalize me if I spend MY HARD EARNED money to buy a car or truck that has exhaust that is cleaner than the air it sucks in on bad air days.

Every Questar rate payer benefits by the cleaner air I make (or the filth I prevent). Every Questar rate payer gets benefit by reducing our dependence on foreign oil. Every Questar rate payer gets the benefit of ME spending MY HARD EARNED MONEY ON A VEHICLE THAT SOLVES PROBLEMS.

Fact is EVERY PERSON IN UTAH benefits because the air is a tiny bit cleaner. Yet you have the unbridled gall, the temerity - to publish a ruling that tells me that I don't deserve the benefit of getting
