

TO: Utah Public Service Commission
RE: Docket No -07-057-13

Dear Commissioners,

I drive a Natural Gas Vehicle and buy gas for it from Questar, I also buy gas from Questar for my home.

I drive a CNG car to help America become Energy Independent and I want a cleaner environment.

Please do not take action that will make alternate fuels less viable in the future.

Thank you for your attention to this matter.

John Harrington

John Huff
